MEMORANDUM FOR State Government Contacts for the Federal Assistance
Award Data System (FAADS)

From: David Kellerman
Governments Division *DK*
Bureau of the Census

Subject: Fiscal Year 1983 Reporting

The Federal Assistance Award Data System reporting requirements have been revised for fiscal year 1983. Consequently, the output record format for the FAADS state reports that are transmitted via magnetic computer tape will also be revised.

A copy of the fiscal year 1983 record layout is attached. As indicated, the record has been expanded considerably, and will include several new data elements as well as state names, assistance program titles, and so forth.

As with the fiscal year 1982 computer tapes distributed by the Census Bureau, no print program will be provided, since each State government likely has its own use for the FAADS information. However, we would be glad to assist you in any way to ensure that the information on the computer tapes is processed correctly.
